

Joint Technical Committee Escapement Goal Recommendations to the Yukon River Panel

Yukon River Panel
April 2018
Anchorage, AK

Zachary Liller and Nathan Millar

Canadian-Origin Yukon River **Chinook Salmon** Escapement Goal

At the April 2017 meeting, the Yukon River Panel took action to implement the current IMEG range of 42,500–55,000 for three years, 2017–2019.

JTC Recommendations for 2018 Canadian-Origin Yukon River **Fall Chum Salmon** Escapement Goals

Recommendation: Maintain fall chum salmon escapement goals without change for two years, 2018 and 2019.

| | |
|----------------------------------|------------------|
| Fall Chum – Mainstem | 70,000 – 104,000 |
| Fall Chum – Fishing Branch River | 22,000 – 49,000 |
